PROFESSIONAL SUMMARY

As a fresher, I am highly motivated to learn, practice, and grow under professional company guidance. I am eager to contribute my design skills to a forward-thinking team while quickly adapting to new tools, feedback, and industry standards to drive business success.

TECHNICAL SKILLS

- **Design Tools:** Figma (UI Practice), Wireframing, High-Fidelity Prototyping, Component Libraries, Auto-Layout.
- **UI/UX Concepts:** User Interface (UI) Design, User Experience (UX) Design, High-Fidelity UI Replication, User Flows, Responsive Web Design, Mobile App Design.
- **Frontend (Understanding for Designers):** HTML5, CSS3, JavaScript.

UI/UX DESIGN PROJECTS

E-Bike Web Application UI Design

- Designed interactive web layouts in Figma focusing on responsive grids and clean alignment.
- Ensured the bike rental and booking process was intuitive and visually accessible for users.

Uber Eats Mobile App UI Design

- Designed high-fidelity mobile screens in Figma focusing on clear visual hierarchy.
- Ensured the restaurant search and food ordering was intuitive and visually accessible for users.

TECHNICAL EXPERIENCE & PROJECTS

Web Developer Intern | Prodigy Infotech (Remote) June 2025 – July 2025

- Developed interactive web projects (Weather App, Tic-Tac-Toe, Stopwatch) using HTML, CSS, and JavaScript, applying clean layout practices for smooth user interactions.
- Applied clean UI/UX frontend practices, ensuring responsive layouts and smooth user interactions.

Academic Project: Financial Data Analysis Tool (Bank Loan Portfolio)

- Designed interactive Power BI dashboards focusing on data visualization, ensuring complex data was intuitive and visually accessible for stakeholders.

EDUCATION

B.Tech in Information Technology | May 2026 Sarvajani College of Engineering and Technology (SCET), Surat
H.S.C. Science J.B. and Karp Vidhya Sankul, Surat
